

2835 Single Colour 120 LED/Metre - IP65

Voltage
24V/DC

Package
5 metres/reel

Power/m
14.4W

Made to measure
service available

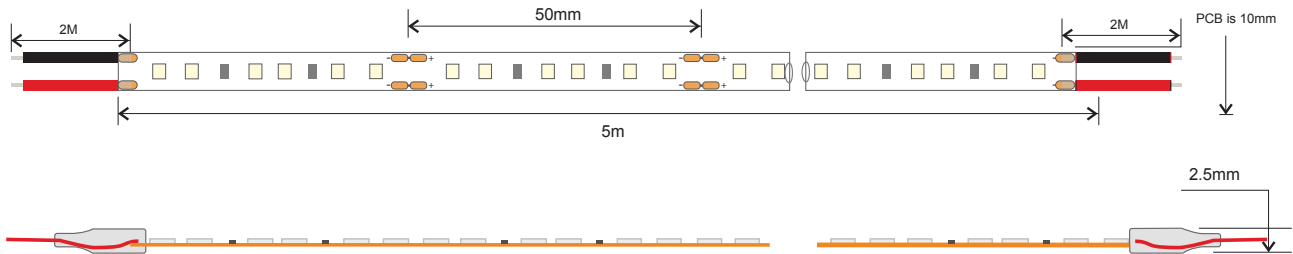

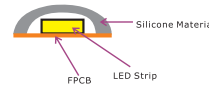

Water resistant / dust tight - silicone extrusion moulding where silicone does not touch LED.

Features

- LED Type: 2835-IP65
- New IP65 technology eliminates IP65 colour inconsistency
- Medium density strip for improved illumination, reduced LED “dotting” effect
- CRI 90
- LED beam angle 120°
- Long life span LED light, more than 50,000 hours+
- Operating temperature: -20-50°C
- 3M adhesive tape
- Switchable and/or dimmable by using single colour controller, sensor switch or Wi-Fi app
- IP65, water resistant

IP65 Surface Silicone Extrusion Molding:

Code	Size (mm)	Colour	Cut Every (LEDs)	LEDs/m	Lumen/m
2835-IP65-CW-120-24V	W10xH3	Cool White 6500K	6 (50mm)	120	1500
2835-IP65-NW-120-24V		Natural White 4000K			1400
2835-IP65-WW-120-24V		Warm White 3000K			1300

Compatible Accessories

Power Supply (page 131-135)	24V-60W (up to 3.5m)
	24V-120W (up to 7m)
	Other specialist power supplies
Controller (page 115-124)	Single Colour Remotes
	Single Colour Touch Panels
	VP Controller (Remotes & Touch Panels)
	WT5 Controller (Wi-Fi & Voice Control)
Sensor Switch (page 127-130)	See Sensor Switch page for product details
